Data sheet:
LN-132

Product code : LN-132
Product name : 19" Network Switch 24 port
EAN code : 8716502020850

The 19" Network Switch 24 ports makes it possible to connect 24 office users or devices to the network and allows files and peripherals to be easily shared between all the connected users. It offers 24 ports with a guaranteed transfer speed up to 10/100 Mbps and up to 1.25M bits buffer. This Network Switch can be easily mounted in a 19" rack via the included brackets. Since it has a built-in power there is no need for an additional adapter.

Optimal performance	Full network compatibility	Mounting flexibility	Automatic smart operation
Up to 100 Mbps transfer speed guaranteed on all ports	Suitable for **10/100 networks**	Suitable for **19" rack** via included brackets	Built-in source MAC Address **Learning and Aging**

Box content:

- 19" Network Switch 24 port
- Powercord
- Brackets/Screws

System requirement:

- Compatible with all operating systems

RoHS compliant

No. 12107
